

Call for Participation

We invite you to join us in **19th International Conference on Network Security & Applications (CNSA 2026)**.

This conference brings together cutting edge research, emerging technologies, and real world innovations in securing today's highly connected digital ecosystems. As networks evolve toward cloud-native architectures, software defined infrastructures, IoT-driven environments, and large-scale distributed systems, the security landscape continues to expand in complexity and urgency. CNSA 2026 aims to unite researchers, practitioners, and industry experts to examine modern security challenges, explore advanced defensive strategies, and foster interdisciplinary collaboration. The conference serves as a forum for sharing breakthroughs, discussing practical deployments, and shaping the future of secure communication and computation across diverse platforms and environments.

Highlights of CNSA 2026 includes:

- 16th International Conference on Computer Science, Engineering and Information Technology (CCSEIT 2026)
- 7th International Conference on Cloud and Internet of Things (ICCIoT 2026)
- 13th International Conference on Artificial Intelligence and Applications (AIAP 2026)
- 13th International Conference on Data Mining and Database (DMDDB 2026)
- 13th International Conference on Bioinformatics and Bioscience (ICBB 2026)
- 15th International Conference on Information Theory (IT 2026)
- 15th International Conference on Mobile & Wireless Networks (MoWiN 2026)
- 7th International Conference on Natural Language Processing, Information Retrieval and AI (NIAI 2026)
- 7th International Conference on Signal Processing and Machine Learning (SIGML 2026)

Registration Participants

Non-Author / Co-Author / Simple Participants (No Paper)

100 EURO for Online (Without Proceedings)

490 EURO for Face to Face (With Proceedings)

Here's where you can reach us: cnsa@ccseit2026.org or cnsaconf@gmail.com
